

ACKNOWLEDGEMENT OF NOTIFICATION
OF HAZARDOUS WASTE ACTIVITY
(VERIFICATION)

This is to acknowledge that you have filed a Notification of Hazardous Waste Activity for the installation located at the address shown in the box below to comply with Section 3010 of the Resource Conservation and Recovery Act (RCRA). Your EPA Identification Number for that installation appears in the box below. The EPA Identification Number must be included on all shipping manifests for transporting hazardous wastes; on all Annual Reports that generators of hazardous waste, and owners and operators of hazardous waste treatment, storage and disposal facilities must file with EPA; on all applications for a Federal Hazardous Waste Permit; and other hazardous waste management reports and documents required under Subtitle C of RCRA.

Subject: C&D Disposal Co.

Dear Mr. Baker:

My name is Richard A. Covell, Senior Counsel to SCA Services, Inc., the parent company of a company known as C&D Disposal Co. Please find attached a copy of your letter to our Mr. George Kush dated August 19, 1982, and a copy of a "Acknowledgement of Notification of Hazardous Waste Activity" for C&D Disposal Co.

Please be advised that C&D Disposal Co. is no longer in existence nor does it operate any installation at River Road in Harriman, New York. C&D Disposal Co. filed for a US EPA identification number in 1980 because of the uncertainty of the outcome of the final RCRA regulations. Because of the above circumstances, SCA Services, Inc. would like to request that you cancel the EPA Identification Number NYD980645923.

Should you have any questions, please contact me.
Your cooperation in this matter is greatly appreciated.

Very truly yours,

Richard A. Covell

Subject: Notice of Issuance of a Permanent EPA
Identification Number

Dear Sir:

Upon receipt of your organization's Notification of Hazardous Waste Activity form, your facility was assigned an identification number by the U.S. Environmental Protection Agency (EPA). This number appears on the label above and is unique for your installation's location. The EPA Identification Number is required on all hazardous waste manifest documents and should be used on any general correspondence you send to EPA or your State environmental agency.

You will note that the third character of your identification number contains a "T". Assignment of these "T" numbers to many hazardous waste handlers was done at the beginning of our hazardous waste program since it was the most expedient way to process their notifications.

We are now assigning to your organization a permanent EPA Identification Number. (Permanent numbers contain a "D" instead of a "T".) Enclosed is an acknowledgment which contains the permanent number which will be assigned to the location for which you originally notified us. Please note that this number change does not require you to re-submit a notification form. You will have 3 months from the date of this letter to adjust your records regarding this number change before your new, permanent number will become effective.

Should you have any questions on this matter, please write to my staff.

Sincerely yours,

Richard A. Baker
